

ALL IN COMMUNITY VOLUNTEER PROGRAM

Wiregrass Volunteerism Program

Volunteer Today For A Stronger Community!

“The All In Community Volunteer Program” was created to encourage volunteerism in our community. In addition to boosting your self-esteem and giving you a sense of accomplishment and purpose, volunteering benefits people around you.

Many calls to Wiregrass 211 are from people who need assistance with home projects that they are unable to complete on their own. Wiregrass 211 is excited to collaborate with civic associations and churches to match them to volunteer for various tasks like building ramps, trimming trees, and yard work.

Service Area:

Houston, Henry, Geneva, Dale, Coffee, Covington and Barbour Counties.

“How Can My Group Help?”

If you have a volunteer group wanting to help others in our community, or would like more info

Please Contact Wiregrass 211 at 334-836-1963 or Email mcronin211@gmail.com
